The Professional Positive Advantage Foundation Inc., a 501(C) (3) organization - built on the principles of faith, health, and wealth, serving the need of the complete person and the community at large.

The purpose of the PPA: is to provide service to the community through workshops, seminars, and special projects. We recognize the importance of self-esteem, financial education, youth outreach and job training skills.

*Its time to shift the focus so that empowering people to maximize their purpose is no longer seen as a "women's concern" but is viewed as an essential issue for society:  
You have a purpose - The time to maximize your purpose is NOW!*

Your donations will help us provide the training for individuals that may not otherwise have the opportunity to receive the information and guidance that will help them grow into productive responsible citizens. In order to function in society one must have the reading skills, learning tools and training to succeed.

Thanks in advance for your support.

Sincerely,

*Shenita Hall* – President

*Patricia Mason* – Director
